Final Instructions

15rd/16th July 2017

BRSCC East Anglian Race Weekend

Snetterton

This meeting is organised by the British Racing & Sports Car Club Ltd (East Anglian Centre) governed by the General Competition Rules of the MSA, incorporating the provisions of the International Sporting Code of the FIA, additional Supplementary Regulations and any written instructions the organisers issue for the event.

These Final Instructions should be read in conjunction with any further instructions or bulletins issued by the organisers.

Entry Enquiries: Liz Goodrich

BRSCC, Homesdale Business Park, Platt Ind. Est., Maidstone Rd, Borough Green, Kent TN15 8JL

Tel: 01732 780100 Fax: 01732 885783 e-mail liz@brscc.co.uk

1 Permits

This event will be held under the following MSA Permit numbers:

National B N/A **Clubmans** 100418

This event is **NCAFP** permitted

2 Officials

MSA Steward	Christopher Drake
Club Stewards	Mike Dixon, Ian Hattersley
Senior Clerk of the Course	Tony Weatherley
Clerks of the Course	Andrew Butcher, Andrew Rowe
Deputy Clerks of the Course	Peter Ritchie, Paul Belcher
Secretary of the Meeting	Linda Stearn
Chief Scrutineer	Kevin Peake
Chief Medical Officer	Dr Mark Errington
Chief Marshal	Peter Rodwell
Chief Timekeeper	Lisa Sneader

3 Passes

E-tickets have been sent to you via email. Please note no vehicle passes have been issued for this event. Children are classed as 12 and under as opposed to 16 and under. So be aware any team member aged 12 years and over must be in possession of a valid ticket for the meeting.

4 Venue Access

Circuit access for those not testing will be from **16:30hrs** on Friday, but access to the garages will be from 19.30. Teams should aim to be clear of the venue after the race meeting by **21:00hrs** on Sunday.

5 Health & Safety

At all times whilst in the confines of the venue competitors should comply with the Circuit and Club Guidance Notes printed further on in this document.

6 Pit & Paddock Areas

The garages have been allocated to the **Excool BRSCC OSS Championship** and the **BRSCC Alfa Romeo Championship**. A garage plan can be found in section 22 of this document. To ensure the maximum space is available for competitors, after unloading please park trailers and private cars in the area marked 'Parking Private Cars' on the paddock plan (section 23). Please ensure that all competitors do not park across the emergency lanes and also the area of the paddock within 25 metres of the Collecting Area entrance road (this area is reserved for Noise testing). **Stephen Green** will be in the Paddock Area from Thursday and will organise the parking of vehicles. Stephen can be contacted on 07958 570652. Please give Stephen your full co-operation.

Final Instructions – Snetterton - 15/16th July 2017

6.1 Engine/Noise Pollution

All competitors should note that noise testing will be carried out at this event. Engines must not be run **before 08:30 or after 18.45**. Any team member found in breach of these times shall at the entire discretion of MSV, be removed immediately from the Venue and as such prevented from taking any further part in the Event.

Non-compliance with the above policy may result in a competitor or Team being prohibited from practising at the relevant MSV Venue for a period of 12 months.

6.2 Paddock

- (a) Waste oil should be removed from the venue or disposed of in the waste oil containers where provided.
- (b) All domestic rubbish must be placed in the bins provided and any scrap vehicle parts including tyres must be removed from the venue. Any cost incurred by the Club for removal of said items from the paddock, will be charged to offending teams/competitors.
- (c) Under no circumstances must any paddock surface be broken in any way, i.e. tent pegs/stakes, etc.; this includes damage caused by trailers. Fuel, oil or chemical substances must not be deposited onto any tarmac surface.
- (d) Markings must not be made on the pit garages, pit garage floors, any circuit or paddock surface. Any markings shall be removed by MSV at the relevant teams cost.
- (e) Hospitality is not permitted in the paddock/pit area without the express permission of the circuit owners. The only exception to this is hospitality for competitors and official team personnel.
- (f) No electrical cables may be run from the pit garages to other vehicles unless protected by a proprietary protective covering.
- (g) The cross hatched Fire Line running behind the Pit Garages must be kept clear at all times to ensure safe passage of emergency vehicles.

6.3 Pit Lane

- (a) The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all drivers to take due care and drive at minimum speeds in the Pit Lane.
- (b) Please observe the pit lane speed limit which is **60kph**
- (c) Refuelling in the pit lane is not permitted unless allowed for in the Championship/Series Regulations.
- (d) Children under the age of 16 years are not permitted in the pit lane area.
- (e) Competitors are reminded that they must not join the circuit until they have reached the end of the red blend line on exiting the pit lane.
- (f) Smoking is not permitted in the Pit Lane

6.4 Support Vehicles

The use of vehicles is not permitted unless towing a trailer for the purpose of transporting ancillary motor race equipment in the pit & paddock area. No competitor may use a support vehicle in the pit road at any time unless authorised by a race official. Any misuse of "support vehicles" will be brought to the attention of the Senior Officials and appropriate action may be taken.

6.5 Use of Paddock Bikes, Scooters and Quad Bikes

Scooters/quad bikes/golf buggies/pushbikes (including electric bikes) must be authorised by the Club before being used. Paddock vehicles will be required to display a numbered pass issued for each event. Dirt bikes/mini-motos are banned.

All such vehicles must be used with care to prevent injury. They must only be used within paddock areas and in a safe manner, not at excessive speed and never at more than 10mph or recklessly. All parts of paddock are classed as public roadways. The use of any vehicle in a public area is governed by Road Traffic Laws and accordingly requires that such vehicle is insured.

All vehicles must be driven or controlled by those holding an appropriate driving licence, of suitable age. All drivers and passengers must wear suitable protective clothing and the number of passengers must not exceed the number of seats or passenger places provided. If any form of trailer is attached to such a vehicle it must be properly secured in line with manufacturer's requirements or recommendations.

The use of paddock vehicles is at the risk of the owner and/or driver and it is strongly recommended that such use be covered by suitable public liability/3rd party policy. Email proof of insurance to penny@brscc.co.uk If you have a paddock accident within the venue you are likely to be held liable for it.

6.6 Tail Lifts

Where vehicles with tail lifts are being used at the venue, the operator must ensure that the tail lift is never left down, including in the halfway position, other than when loading/unloading is being undertaken.

7 Signing On For Competitors

All competitors will be signed on in the **Paddock Office** located at the bottom of Race Control. All championships must sign on at the times allocated on the Official Timetable.

7.1 All drivers must provide at Signing On:

- (a) MSA Competition Race Licence or European ASN equivalent and MSA Entrants Licence (Where applicable)
Competitors with Non MSA Competition Licences are reminded that under Article 2.3 of the International Sporting Code, written approval must be given by their ASN to compete in this event. Written approval will be checked at signing on.
- (b) Drivers Medical Certificate (if not incorporated in the Licence)
- (c) Valid Club Membership (where applicable)

Drivers are reminded that licences, medicals and upgrade cards must be valid, bearing a recent photograph and be signed by the driver before presentation to the officials at Signing On. Without these they are not valid.

7.2 It is the responsibility of the driver to collect his/her licence and/or upgrade card after the event.

8 Scrutineering

All cars will be scrutinised in the **Scrutineering Bay** at their set time and will need to be presented with the correct competition number and the correct driver details. **This includes those that have been allocated garages.** Scrutineering will also take place on **Friday in the Scrutineering Bay from 15.00 to 18.30.** Priority on Friday afternoon will initially be given to cars in the BRSCC Mazda MX-5 SuperCup and BRSCC Fiesta Junior Championship.

At Scrutineering, drivers must provide:

- (a) Competition Car
- (b) Paperwork from BRSCC Officials confirming driver has signed on.
- (c) Crash helmet, visor or goggles, gloves, boots, overalls & FHR device (where required)
- (d) Vehicle Identification forms (if required)
- (e) MOT/road fund licence (if required)

9 Eligibility

In addition to the series Eligibility Scrutineers, eligibility may be checked by a member of the MSA Technical Commission, as listed in the MSA Officials' Yearbook Appendix 5(d).

10 Drivers Briefings

- (a) All competitors will be issued with Briefing Notes at Signing-on.
- (b) Individual Championship/series briefing's maybe called as required and where not listed below, a bulletin will be issued.
 - **BRSCC Fiesta Junior Championship at 08.10 on Saturday in the Pit Lane Suite**
 - **BRSCC Fiesta Championship (All) at 09:35 on Saturday in the Pit Lane Suite**
 - **BRSCC Mazda MX-5 SuperCup at 10:00 on Saturday in the Mazda Race Centre**
 - **BRSCC Mazda MX-5 Championship at 11:55 on Saturday in the Mazda Race Centre**
 - **BRSCC Alfa Romeo Championship at 12:10 on Saturday in the Pit Lane Suite**

11 Circuit Access

All competitors (including those in the garages) will access the track via the Assembly Area to permit noise testing prior to practice and to put the cars in grid order before proceeding to the grid for their race(s).

Competitors in the garages will need to take their cars **via the rear of the garages** to the Assembly Area. **Under no circumstances** are cars in the garages to use the pitlane to access the Assembly area.

12 Qualifying / Grids

Qualifying will take place as per the timetable. It is the driver's responsibility to be ready at least 20 minutes before their timetabled session. Scrutineering labels must be affixed to the vehicle and clearly displayed before it is allowed onto the track. Drivers should go to the assembly area 20 minutes before published time and then, when directed by the course marshal, they should proceed onto circuit.

Grids will be formed as per Championship/Series Regulations and according to the terms of the Circuit Licence.

Double Header Races: unless regulations stipulate otherwise, grids for the second race of a Double header event with only one qualifying session will be based on the finishing order of the first race. Retirements will be placed at the back of the grid in reverse order of retirement.

13 Race Start Procedure/Safety Car

All start procedures will be in accordance with the championship/series regulations. It is the competitor's responsibility to ensure that they are ready in good time. Under ideal conditions, the racing programme may be brought forward. Grids will be formed as per championship /series regulations and the terms of the circuit licence.

Where races are for a set time duration, the chequered flag will be shown to the race leader the first time they pass the Finish Line after the time has elapsed.

13.1 Standing Start

Vehicles will be released from the Assembly Area on to the circuit. Marshals will direct you to the correct qualification grid position. Once all drivers are stationary there will be a one minute countdown; 30 second board and then the cars will be flagged away for the green flag lap. Once this lap has been completed and vehicles are stationary (and in their correct positions) the 5 second board will be shown and then the red lights will be displayed. At some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race.

The following Championships/Series will use a Standing Start

- **BRSCC Mazda MX-5 SuperCup**
- **BRSCC Mazda MX-5 Championship**
- **BRSCC Fiesta Championship**
- **BRSCC Alfa Romeo Championship**
- **BRSCC Fiesta Junior Championship**

Competitors are reminded that the green flag lap must be completed as quickly as possible without any undue delay. Should the completion of the green flag lap be in excess of 4 minutes, then at the discretion of the Clerk of the Course any time in excess of the 4 minutes may be deducted from the race duration.

13.2 Rolling Start

Vehicles will be correctly positioned in the assembly area, then proceed as directed onto the grid where they will begin the rolling lap behind a Pace Car. The start procedure will be in accordance with Championship Regulations.

The following Championship/Series will use a Rolling Start:

- **Excool BRSCC OSS Championship**

13.3 Safety Car Intervention

The Clerk of the Course will have the facility for the use of the safety car in qualifying and the races in accordance with the Championship / Series regulations. It is the driver's responsibility to make sure they are fully aware of these regulations. The safety car will join the circuit from the pit lane exit and will exit the circuit via the pit lane entrance.

13.4 Green Flag/Formation Lap

Should there be a change in weather conditions which would necessitate an additional green flag/formation lap, then at the discretion of the Clerk of the Course, the race duration may commence once the last car starts the additional green flag/formation lap. If the delay from the showing of the Green Flag to the start of the race takes more than 4 minutes the Clerk of the Course reserves the right to reduce the race length.

In the event of circuit light failure for either start type the Union/National flag will be used to start all races.

14 End Of Track Session Procedure

14.1 At the end of each track session be it qualifying or the actual race, all vehicles must slow down after taking the chequered flag and leave the circuit via the **Pitlane entrance**.

14.2 At the end of your race, presentations will be carried out in accordance with championship/series regulations if time permits. Please follow instructions of race marshals etc. In the case where the presentation does not take place immediately after the race, competitors should report to the Paddock/Race Secretary's office.

15 Judges

Judges may be appointed as per MSA Regulation [Q 18].

16 Race Day Information

The organisers will try to run the programme as published, but they reserve the right to delay or bring forward event times to suit the conditions of the day. Copies of practice times, grid sheets, provisional results and official bulletins etc will be available from the Paddock Office.

17 BRSCC East Anglian Centre Trophy

The Archie Scott Brown Trophy will be awarded to the overall winner of the three Excool BRSCC OSS Championship races. The top eight finishers overall in each of the three races will be awarded points – 10,8,6,5,4,3,2,1. The trophy will be presented to the driver scoring the most points. In the event of a tie, the winner will be the driver who records the fastest lap across the three OSS races.

18 Video Equipment

Video equipment must be fitted to the vehicle prior to scrutineering and the scrutineer must be advised.

19 Testing

Please call the circuit direct or check out <http://www.snetterton.co.uk/testing.aspx>

20 Special Circuit Notes

20.1 Drivers who fail to negotiate the left hand bend Brundle at the end of Bentley Straight and continue along the tarmac run-off area, should NOT turn round and re-join the track at the end of the straight. They should carry on to the back of the run-off area where a roadway permits them to re-join the track between Nelson and the Bombhole. Drivers should obey any marshal's signals given to aid their re-joining of the track.

20.2 Track Limits

Any competitor driving beyond the extent of the race track surface, to include kerbs, and driving on the grass/dirt through corner cutting and running wide, may, if adjudged to have done so, be subject to the issuing of a time penalty or in the case of a more serious offence or repeated offence be subject to a drive through penalty. For this purpose the designated stop/go box is at the base of Race Control.

At this event infringements of 'track limits' as defined by MSA Regulation [Q 14.4.2] will be detected by an automatic system that will identify the offending car and produce a photograph of the infringement. This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with MSA Regulations. The above mechanism for such infringements does not preclude from marshals, officials and Judges of Fact from reporting infringements.

Competitors should be aware that specific guidance has been issued by the MSA regarding the penalties to be applied for drivers breaching track limits during races. These are as follows:

- 2nd offence - warning flag
- 3rd offence - 5 second penalty
- 4th offence - 10 second penalty
- 5th offence - drive through penalty
- 6th offence – exclusion

Track limits infringements during qualifying may result in the competitors times being disallowed.

20.3 Pit Lane

Only two people per competing car will be allowed to stand on the Pit Wall for the purpose of signalling. During the start of a race no personnel are allowed on the Pit Wall until all the cars are clear of the grid.

Smoking is not permitted in the pit lane or garages

No one is allowed to ride motor cycles or cycles in the pit road at any time when the circuit is operational. It is strictly forbidden for any vehicle to move in the wrong direction in the pit road unless directed by a marshal. The penalty could be exclusion from the meeting.

20.4 Damage and Recovery from the Circuit

Should oil or any other substance likely to prove a hazard be dropped from any vehicle, the relevant vehicle must stop immediately at a place of safety. Competitors are hereby notified that they may be liable for any excessive clean-up costs incurred by MSV. MSV and BRSCC cannot be held liable for any damage that is caused in the course of removal of any vehicle from the circuit.

Final Instructions – Snetterton - 15/16th July 2017

20.5 Placement of Advertising and Signage

Teams and competitors may use the A3 clip frame information boards provided in pit garages (where applicable). Otherwise, placards, banners, advertisements, stickers, decals or leaflets must not be attached, erected, installed or placed anywhere around the MSV venue, including without limitation on any windows, fascias, hospitality suites or doors without MSV's express written permission. Any cost incurred by MSV to rectify or repair any damage caused by any breach of this provision shall be immediately reimbursed by the Team or Competitor on demand.

20.6 Illegal Driving

All competitors are reminded that they are liable to exclusion from the meeting if any person associated with their team who is below the age at which a driving licence may be issued, is seen riding or driving a motor vehicle of any type within the paddock, or any other part of the grounds. Competition vehicles must not be used to transport personnel unless the passenger/s are within the framework of the vehicle.

20.7 Pit Garages

No children under the age of 16 are allowed in the Pit Garages.

20.8 Green Flag Lap

Competitors will be directed from the Assembly Area straight on to the grid where they will stop. Unless conditions warrant more than one acclimatisation lap, which will be at the sole discretion of the Clerk of the Course, the Green Flag lap shall count as the warm-up lap for the race.

20.9 Live Snatch

During all practice, qualifying and races, the Clerk of the Course will have the option to carry out "live snatches" under lights and local Yellow Flags.

20.10 Timing Modules

All competitors will be required to fit Electronic Self Identification Modules to their cars for the purposes of accurate timing. Holders for these and detailed fitting instructions will be issued with the transponders and it will be the responsibility of the competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all Championship/Series qualifying practice sessions and races.

20.11 Circuit Petrol Station

The circuit petrol station will be open between 09.30 -12.30 and 13.00-16.30 on both days.

20.12 Tyrell's Opening times

	Bar	Restaurant
Evening Before	19:30 – 23:00	19:30 – 21:30 Bar Meals
Saturday	11:30 – 23:00	07:30 – 11:30 Breakfast 11:30 – 14:30 Lunch 14:30 – 17:30 Light Snacks 19:30 – 21:30 Bar Meals
Sunday	11:30 until 1 hour After last race	07:30 – 11:30 Breakfast 11:30 – 14:30 Lunch 14:30 – 17:30 Hot Snacks

24 Circuit & Club Safety Guidance Notes

It is the sole responsibility of the Entrant/Competitor to ensure that all of the safety requirements below are enforced. The Entrant/Competitor acknowledges that the list below is not an exhaustive list and that it is their responsibility to enforce the below items and any other such safety measures they deem appropriate.

MSV adheres to the Health and Safety at Work Act 1974 and its supporting legislation, regulations and guidance and we expect the same high standards and best practice from those coming to our Venues.

All teams and contractors must appoint a designated responsible person to oversee the safety of activities carried out on site. This name and contact mobile number should be known by the whole team and passed on to an MSV representative on request.

1. Storage and Use of Petroleum Spirit

- 1.1 All petroleum spirit must be stored in appropriate fuel containers complying with all relevant safety standards, away from any source of ignition.
- 1.2 All containers must be indelibly marked; "Petrol - Highly Flammable.
- 1.3 All empty containers must be removed from the venue after the event.
- 1.4 Generators should be powered by diesel and used in the open air.
- 1.5 Appropriate fire extinguishers must be readily accessible near any fuel store or refuelling activity.
- 1.6 Personnel must be trained and wear appropriate fire retardant personal protective equipment (PPE), before using petrol; especially when refuelling.
- 1.7 Vehicle refuelling is to take place in the open air where possible. If refuelling inside the garages all users must adhere to the 'Refuelling Hazard' signage displayed, as reproduced below;
 - 1.7.1 Petroleum spirit – Highly flammable
 - 1.7.2 No smoking and remove all ignition sources
 - 1.7.3 Switch off engine
 - 1.7.4 Open all doors and shutters – Good ventilation required
 - 1.7.5 Check location of your nearest fire extinguisher
 - 1.7.6 Maximum 25 litres of fuel stored in this garage
- 1.8 A no smoking ban and no ignition sources in the vicinity must be enforced by the person in charge of the refuelling process.
- 1.9 A vehicle must be cooled before refuelling.
- 1.10 Drivers and passengers must be outside a vehicle during refuelling and it's recommended all personnel stand a minimum 3 m away.
- 1.11 When refuelling is in process a second person must be nearby, ready with a fire extinguisher.
- 1.12 Your attention is drawn to The Petroleum (Consolidation) Act 1928, The Petroleum (Consolidation) Regulations 2014, the Petroleum Spirit (Motor Vehicles) Regulations 1929, The Control of Substances Hazardous to Health Regulations 2002 (and amendments) and The Regulatory Reform (Fire Safety) Order 2005, must be complied with.
- 1.13 Participants are reminded that fuel is available for sale at the venue. As such it is unnecessary for participants to carry large quantities of fuel.

2. Hazardous Substances

- 2.1 Some vehicle parts, for example brake and clutch linings may contain asbestos. Participants are encouraged to use non-asbestos substitutes wherever possible. Where asbestos is used, every effort should be used to prevent asbestos dust getting into the air.
- 2.2 Some vehicle parts, for example brake and clutch linings may contain asbestos. Participants are encouraged to use non-asbestos substitutes wherever possible. Where asbestos is used, every effort should be used to prevent asbestos dust getting into the air.
- 2.3 Some mineral oils may cause skin cancer. Prolonged contact should therefore be avoided wherever possible. Where contact does occur any contamination should be washed off immediately. The wearing of contaminated clothing (including overalls) should also be avoided.
- 2.4 Various other substances may cause disease or ill health even after very short exposures. Manufacturers guidance must always be followed. Manufacturers and suppliers of such substances are obliged to provide customers with information about the possible harmful effects of their products upon request (Safety Data Sheets).
- 2.5 Personnel must be suitably trained and wear appropriate personal protective equipment (PPE), before using any COSHH substances.
- 2.6 The requirements of the Control of Substances Hazardous to Health Regulations 2002 (COSHH) (as amended) must be complied with.

3. Electrical Safety

- 3.1 All portable electrical equipment must be maintained in a safe condition and hold a valid Portable Appliance Test (PAT) Certificate.
- 3.2 Cables should be flexible (not of semi rigid type used for household wiring) and covered by matting when crossing walkways or fire lanes. Neoprene covered cable will resist damage by oil.
- 3.3 All electrical equipment to be used externally should be weatherproof.
- 3.4 Only British Standard UK plugs or adaptors permitted in site sockets, no overloading of circuits, particularly in the pit garages.
- 3.5 Hand tools should preferably be of the “double insulated” or “all insulated” type, as these provide valuable protection against electric shock.
- 3.6 Electrical equipment and hand tools should not be used in areas where flammable vapours may be present, for example where fuel is being stored or refuelling is taking place.
- 3.7 The Electricity at Work Regulations 1989 must be complied with, or any deviations documented.

4. Fire Precautions

- 4.1 All teams must keep a working and serviced fire extinguisher close to hand. Fire extinguishers must be annually serviced or inspected, with the date displayed on the bottle, for checking.
- 4.2 Smoking is prohibited in all enclosed areas, including without limitation in the pit garages and in the pit lane. Smoking is also prohibited in all MSV vehicles.
- 4.3 All potential sources of ignition should be kept away from petroleum spirit and vapours. Clear no smoking signage displayed where possible.
- 4.4 Barbecues and cooking equipment are prohibited in pit areas, including garages – keep away from all fuel and combustibles.
- 4.5 Temporary structures to have; an adequate gap separating them from other structures, recommend minimum 3 meters; clearly displayed fire extinguishers next to each fire exit door and clearly visible fire exit signage above each fire door.
- 4.6 Fire lanes, roadways and hatch markings to be kept clear at all times.
- 4.7 Ensure safe access and egress is available in and around team areas, this includes the provision of adequate lighting levels for evacuation purposes.
- 4.8 Catering outlets should hold a minimum of one fire blanket and an additional appropriate fire extinguisher.
- 4.9 Fire extinguishers should not be removed from any fire points unless they are to be used on a fire.
- 4.10 Keep fuel to a minimum on site and store in safe locations away from potential ignition sources.
- 4.11 All fires must be reported immediately to an official, marshal or other member of staff, even if extinguished.
- 4.12 Personnel must be trained in the correct use of fire extinguishers.
- 4.13 MSV permission is required before hot works commence on site.
- 4.14 All fire notices and orders to evacuate must be complied with.
- 4.15 The requirements of the Regulatory Reform (Fire Safety) Order 2005 must be complied with.

5. Working at Height

- 5.1 Personnel are encouraged to work at ground level where at all possible.
- 5.2 Personnel working at height must be protected from falling; this includes erecting awnings and satellite dishes on top of trucks. e.g. staff must be trained using harnesses and ropes, or handrails must be in place.
- 5.3 All working at height must be well planned and supervised with safe systems of work followed.
- 5.4 Reassess working at height safe working practices during adverse weather conditions.
- 5.5 No one should work underneath those working at height.
- 5.6 Appropriate non-slip footwear and personal protective equipment to be worn.
- 5.7 Manufacturer’s guidance to be followed when using ladders, step ladders and all working at height equipment. (Domestic ladders should not be used, use a more substantial commercial ladder)
- 5.8 Domestic ladders or step ladders must not be used on site, only commercial ladders and step ladders.
- 5.9 All ladders, step ladders and any equipment must be checked for damage and removed from use where faulty.
- 5.10 The Working at Heights Regulations 2005 must be adhered to.

6. Vehicle Safety

- 6.1 A maximum 10 mph speed limit is in force on site for all vehicles, where permitted.
- 6.2 No paddock scooters or push bikes are permitted on site unless authorised by the Organising Club. It is the responsibility of the Organising Club to manage and administer paddock scooter and push bike usage by the implementation of a numbered pass system such that the details of each pass holder is recorded and each authorised vehicle has a pass on it. Details of pass holders and their corresponding pass numbers must be forwarded to MSV prior to each event.

Final Instructions – Snetterton - 15/16th July 2017

- 6.3 Public (and children) are permitted in working paddock areas, therefore drivers/riders must take extra care in these tight localised areas.
- 6.4 Venue signage must be adhered to.
- 6.5 All vehicles driven on site must be road-legal and covered by valid vehicle insurance (including when riding all mopeds, scooters and quads).
- 6.6 All personnel using vehicles on site must hold a current UK driving license (or equivalent), including scooters.
- 6.7 Helmets must be worn by those riding scooters and mopeds outside the paddock and pits. It is MSVs recommendation that helmets are worn at all times riding around site.
- 6.8 All vehicles must at all times, keep to the marked roads when moving around the Venue.
- 6.9 Children are not permitted to ride scooters or quads at any time, or be carried as passengers.
- 6.10 No eating/drinking or the use of mobile phones whilst riding or driving.
- 6.11 Keys must be removed from the ignition of all vehicles when parked or not in use. (Vehicles have been stolen).
- 6.12 Riders or passengers on scooters or motorbikes must not carry unsecured loads.
- 6.13 Hover-boards, electric balance boards or equivalent (non-road legal) electric scooters are prohibited from site (disabled blue badge holders may be permitted to ride electric vehicles to aid access, with MSV permission on entrance).
- 6.14 Children are not permitted to play games in the paddocks, garages or pit areas due to the high numbers of vehicle movements in these areas at all times day and night. (No ball games, bicycles or other). Move into quieter parts of the venue for these activities, away from vehicles.
- 6.15 Children must always be supervised at all times in the Paddock and Pit areas. They are not permitted inside garages or the pit lane.
- 6.16 Vehicles must be driven or ridden as per manufacturer's instructions and with the set amount of passengers. (Eg. A 2 seat buggy must not carry more than 1 passenger with the driver – no standing on the back).
- 6.17 Breaches to this guidance may result in vehicle keys being taken and vehicles confiscated until teams leave site.

7. Compressed Gas Equipment

- 7.1 Explosions from over inflation of tyres can cause injury. Tyres should therefore not be inflated to pressures above the manufacturers' recommendations.
- 7.2 All airlines should be in good condition, well maintained and be inspected regularly.
- 7.3 Always stand clear when inflating tyres and wear protective eye wear.
- 7.4 Compressed gas equipment to be used by well trained personnel only, no under 16 year olds. Any form of horseplay involving compressed air or gas is prohibited.
- 7.5 Compressed gas cylinders should be stored safely, in a well ventilated, upright positions, in accordance with the relevant working practices and legislation.
- 7.6 The requirements of the Pressure Systems Safety Regulations 2000 must be complied with on site.

8. Jacks and Axle Stands

- 8.1 Vehicles should only be raised and lifted on jacks and supported by axle stands which are in good condition, well maintained and rated to lift the vehicle weight safely.
- 8.2 Jack vehicles only on level undamaged ground.
- 8.3 Use the hand brake and chocks to stop the vehicle moving.
- 8.4 Vehicle engines should not be run whilst the weight of the vehicle is supported.
- 8.5 Follow manufacturer's guidance for using and maintaining equipment. Thorough examinations and testing is required every 6 months, with regular inspections and checks when used.
- 8.6 Lifting Operations and Equipment Regulations 1998 (LOLER), and Provision and Use of Work Equipment Regulations 1998 (PUWER), must be adhered to.

9. General Working Practices

- 9.1 All working areas should be kept clean and tidy and any waste should be removed regularly and placed in the containers provided.
- 9.2 All spillages should be cleaned up immediately.
- 9.3 All trailing cables, wires and hoses should not be allowed to create a trip hazard - use cable matting, or tape down safely, burying of cables is not permitted.
- 9.4 Whenever vehicle engines are being run, adequate ventilation must be ensured.
- 9.5 Pathways and roads should not be obstructed by storage boxes, vehicles or kit.
- 9.6 All site safety notices must be complied with.
- 9.7 Any person carrying out any work must ensure that they adopt safe working practices at all times, and comply with any relevant statutory provision and/or published guidance.
- 9.8 Personnel under the age of 16 are not allowed in the pits area or pit lane.

Final Instructions – Snetterton - 15/16th July 2017

10. Noise

- 10.1 Exposure to excessive noise may result in hearing loss or other complaints. These may be short term, or, after repeated exposure, permanent.
- 10.2 All personnel should avoid being exposed to excessive noise, and where this is unavoidable, they should wear earplugs or defenders to the appropriate British Standards.
- 10.3 It is recommended ear protection is worn when working in pits lanes and in pit garages, where particularly high levels of noise are recorded.
- 10.4 Where any person is at work the requirements of the Noise at Work Regulations 2005, must be complied with.

11. Manual Handling of Loads

- 11.1 Lifting, carrying and propelling loads by bodily force can be a major cause of injuries. Personnel are required to train their staff in safe manual handling techniques.
- 11.2 All manual handling lifting should be well planned and safe, with the weight of loads being lifted known.
- 11.3 Where any person is at work the requirements of the Manual Handling Operations Regulations 1992 must be complied with.

12. Waste

- 12.1 All waste oil must be placed in the containers marked “waste oil.”
- 12.2 Waste tyres and empty petrol/oil containers should not be left at the Venue.
- 12.3 Personnel are urged to take any other form of waste with them when they leave the Venue, or to place it in the refuse containers provided.
- 12.4 Your attention is drawn to the requirements of the Environmental Protection Act 1990.

13. First Aid

- 13.1 Any person sustaining an injury or feeling unwell should seek treatment from the onsite emergency services.
- 13.2 To call the first aid or emergency services contact any official or member of the venue management.

14. Public Safety

- 14.1 Personnel should be aware that the Paddock may be open to the public and should act in a manner so as not to put either themselves or any other person at risk from injury.
- 14.2 Personnel should exercise particular caution when the paddock is busy and during pits and track walkabouts.

15. Incident Reporting

- 15.1 All accidents where any person sustains injury, or where damage to property occurs, must be reported immediately to an official or a member of the venue management.

16. Temporary Structures

- 16.1 All temporary structures, including temporary garage units or hospitality units, must be constructed as per manufacturer’s instructions, adhering to safe method statements, risk assessments and safe working practices, by competent, well trained personnel only. Appropriate Public/ Employers Liability Insurance cover must be held.
- 16.2 Structural plans and weight loading calculations must be known and adhered to during build and breakdown activities.
- 16.3 Emergency procedures to be devised and staff trained on them e.g. how and when to close a structure down safely in high winds.
- 16.4 Competent supervisor to sign-off the structure before it is used by members of the public or MSV staff.

17. No spectating at height

- 17.1 No spectating from areas at height, e.g. tail lifts, truck roofs or any other roof (unless handrails are in place to prevent falls).
- 17.2 No spectating from any venue infrastructure, such as fencing, waste bins or generators.

18. Track Regulations and Governing Bodies Regulations

- 18.1 Participants and Competitors are reminded of their obligations to comply with the requirements of the appropriate Track Regulations or Governing Body’s regulations at all times. These Guidance Notes should be read in conjunction with all relevant UK regulations.
